PARKING AVAILABLE FOR WrestleMania® XXIV AT CLICKANDPARK.COM

ORLANDO, FL – If you already have a ticket to WrestleMania XXIV and are wondering where to park let ClickandPark.com find you a parking spot. Fans attending WrestleMania XXIV at the Florida Citrus Bowl in Orlando can pre-purchase parking online at ClickandPark.com.

The Click and Park service allows fans to reserve and pay for parking permits prior to leaving for WrestleMania, assuring that a space in their selected parking lot will be ready and waiting for their arrival. Pricing for vehicle parking begins at \$18. There are a limited number of reserved parking spaces available so be sure to act fast to secure your parking space.

Click and Park not only allows fans to reserve parking, but provides helpful driving directions that go beyond simple 'point-to-point' instructions. The service takes the traffic management plan into consideration for a particular venue and integrates it into its patented routing system. Considering the user's point of origin, the system directs them to a pre-determined access point where they are brought in line with the prescribed traffic management plan. If the system generates a number of directions that meet a given roadway's traffic capacity, the system will then direct drivers to a secondary route in order to more evenly distribute traffic.

"We are excited to work with the Florida Citrus Bowl, the City of Orlando and WWE® for this amazing event," said Tony Vitrano, Owner of Click and Park. "The Click and Park service allows WWE fans a hassle free option to pre-purchase parking and event organizers enjoy the added value service for those attending the event."

About Click and Park

Click and Park is an online parking and traffic management system used by event planners and parking management companies to provide consumers access to pre-registered parking for special events. Customers can purchase reserved parking online prior to an event, reducing the need for personnel to manage transactions and earning revenue in advance of the actual event. The Click and Park service also helps to alleviate traffic and parking troubles by providing detailed routing instructions to all permit purchasers. These detailed directions support the venue's transportation management plan – resulting in a more efficient, time saving flow of traffic.

The Orlando-based company shares ownership with Gameday Management Group which plans and operates complete transport and parking systems for major events, directing spectators, media, teams, staff, sponsors and corporate clients. Gameday has managed transportation and parking services for high-profile events including the Salt Lake City Winter Olympic Games, Super Bowls XXX-XLII, the Daytona 500 and the Presidential Inauguration. For more information visit www.ClickandPark.com or www.Gamedaymanagement.com
